<u>Type</u>	<u>Variety</u>	<u>Characteristics</u>
Beans	Enorma Runner	Short-jointed plants producing an enormous crop of very long, smooth, slender beans of excellent shape and colour. RHS Award of Garden Merit winner.
	Achievement	Heavy yields of long, smooth, slender pods with a delicious flavour. Red flowering variety.
45 Seeds – 65p		
	Blue Lake Climbing French Beans	Produces an abundant harvest of pencil-thin stringless green beans with a fine sweet flavour from early summer and then the last few pods can be left on the plant to dry for white haricot beans to store. An heirloom variety from 1885.
	Cosse Violette Climbing French Beans	A bean that thrives in warmer weather, when runner beans struggle to set and produce beans. Striking lavender flowers and purple veined leaves. Producing a heavy crop of beautiful deep purple tender and stringless pods which turn dark green on cooking. Pick regularly to produce crops from July to October. Protect from frost and provide support as for runner beans. Good for freezing.
	Sunshine Climbing French Beans	A warm sunshine loving bean that excels in production over runner beans that can fail to set and produce beans. An attractive variety producing stringless, reliable high-quality crops. The pods have a sweet mild flavour. Picking every few days will enable cropping to last from July to October. Good for freezing. Protect from frost and provide support as for runner beans.
	Blue Lake, Cosse Violette, Sunshine French Climbing Beans	An equal mix of these three varieties that look stunning growing together. Producing tender stringless pods from July to October with regular picking. Protect from frost and provide support as for runner beans. Good for freezing.
